

# Attention: Trail Closings

## CAUTION: HUNTING ON THE LANDSCAPE

Whiterock Conservancy hosts paid hunts each fall. Please review the map and read the following notes below, which detail where the hunters will be over the next few weeks.

**The ORANGE outline is the Whiterock Conservancy Border.**

**The PINK lines are open trails.**

**The Blue lines are the closed trails**

**These trails will be closed from October 24<sup>th</sup> to November 20<sup>th</sup>**

**All Trails will be closed from December 6<sup>th</sup> – 8<sup>th</sup>**

While we are not completely closing down all WRC trails please do not enter the areas where the blue lines are. These areas are closed to the public for safety, and the paid hunters need privacy during this time period.

If you are planning on doing some hiking during the next few weeks, please stay on the east side of the Middle Raccoon River or on the aggregate trail by the visitor center.

### **Stay Alert**

**Stay on Main Trails that are not closed**

**Wear Blaze Orange for your Safety**

*We apologize for this inconvenience* and are working hard trying to provide as many opportunities for people to get out on the land as possible. We thank you for your understanding!

Questions? Contact Chris Troendle (712) 684-2697 x114 or (563) 419-4158.
